

Navigating the post Covid-19 elective surgery backlog – 12 months on

1 December 2021
19:00 CET, 21:00 SAU, 18:00 UK

MÖLNLYCKE
TALKS | SHARING
EXPERIENCE
TO BE
YOUR BEST

Welcome to Mölnlycke® Talks Online

At Mölnlycke, we value making a real, sustainable difference to all patients and healthcare professionals globally. Join us for a round table discussion, where we catch up with our expert panel who will share their reflections on events since we last met, exactly 12 months ago.

Areas to explore:

- How have the realities of the past year compared with the expectations we had 12 months ago?
- What have been the key learnings from the last year, that will help us moving forwards
- How do we balance patient expectations, whilst caring for the health care professionals tasked with tackling the elective surgery backlog
- How can industry best support you

Meet your fellow professionals and the Mölnlycke team at our live Q&A afterwards
